

F-2014-00120 - Success rates for women undergoing IVF in 1996 and 2004 at centres 0074 and 0152

27 May 2014

Summary of request

The Authority was asked for success rates for 36 year old women undergoing IVF in 1996 and 44 year old women undergoing IVF in 2004 at centres 0152 and 0074.

HFEA response

Singleton Hospital (centre 0152) held a Storage Only licence during both 1996 and 2004, and therefore does not have IVF success rates as it was not licensed for providing any form of IVF treatment.

Cromwell IVF and Fertility Centre (centre 0074) held a Treatment and Storage licence. The requested data from this centre can be found in the table below.

Centre	Centre name	Year	Patient age	Treatment cycles	Birth events	Rate
0074	Cromwell IVF and Fertility Centre, London	1996	36	31	5	(*.*)
0074	Cromwell IVF and Fertility Centre, London	2004	44	6	0	(*.*)
