

F-2016-00329 Birth events and treatment type

13 January 2017

Summary of request

The Authority was asked to provide the latest information regarding live birth events

HFEA response

The HFEA has published an anonymised version of its register on its website:

<https://www.hfea.gov.uk/about-us/our-data/>. This can be downloaded as an excel file for various time periods and allows to filter by treatment and partner type, as well as previous treatment history and age-group of the female patient. More detail can be found in the files themselves. This link always has the most up-to-date data we hold.
